

March 18, 1976

could clear us in on this. What I would like to do is if we could put 993 in this we could tax booze and then we can also set up the programs and it would include this also. Would you be agreeable to that or not?

SENATOR GOODRICH: Well, Senator Barnett, as you know it's vital to get bills off General File if you are going to do anything at all so I would suggest let's move it over to Select File and you and I get together and we'll talk about it, adding it to Select File.

SENATOR BARNETT: That's where 993 is, is on General, that's why I thought maybe I could piggyback.

SENATOR GOODRICH: But let's get this one moved over. If we don't get something moved over as a vehicle we are out of luck. Let's move this over to Select File, then we'll do it.

SENATOR BARNETT: Alright. Then we'll tax the booze and we'll set up the programs for it if we can get it over there.

SENATOR GOODRICH: I'll let the body decide that issue after we get it over to Select File as a vehicle.

SENATOR BARNETT: Skarda, quit lobbying.

PRESIDENT: Senator Stull.

SENATOR STULL: Mr. President and members of the legislature, I want to just correct one statement that Senator Goodrich made. That center in Alliance, it's PARC, panhandle alcoholic rehabilitation center and they treat all people there.

PRESIDENT: Senator Fowler.

SENATOR FOWLER: I guess I'm still trying to figure out what we are doing with the bill. I would like to ask Senator Goodrich a question about that.

PRESIDENT: Senator Goodrich, will you yield?

SENATOR GOODRICH: Sure.

SENATOR FOWLER: Senator Goodrich, under this bill would the Sheriff of Thurston get as much money or more than he has previously received for operations of the jails? Or less?

SENATOR GOODRICH: The Sheriff in Thurston County would get approximately the same amount this year as he did last year for his operation. We went through that in detail with him. The rest of the money will go to Knox County for their Sheriff.

SENATOR FOWLER: Okay, when we previously enacted the Act wasn't it the intent that that money be split between jail operations and rehabilitation?

SENATOR GOODRICH: That's right.

SENATOR FOWLER: And that was not, in fact, what happened, right?
